Nudo

As alluring as it is iconic,
Nudo evokes the vibrant wanderlust
of Italian summertime.

One pair of earrings, twice the enchantment.

Fine Italian craftsmanship meets showstopping gemstones
in Nudo's new double-drop earrings destined for sunny
days and magical nights.

Feel the warmth of an Italian summer envelop you with sunset pink quartz, fresh white topaz and blue topaz as beguiling as the Mediterranean Sea.

Instantly impactful yet elegantly effortless, a pendant that is as striking worn solo as luxuriously layered up.

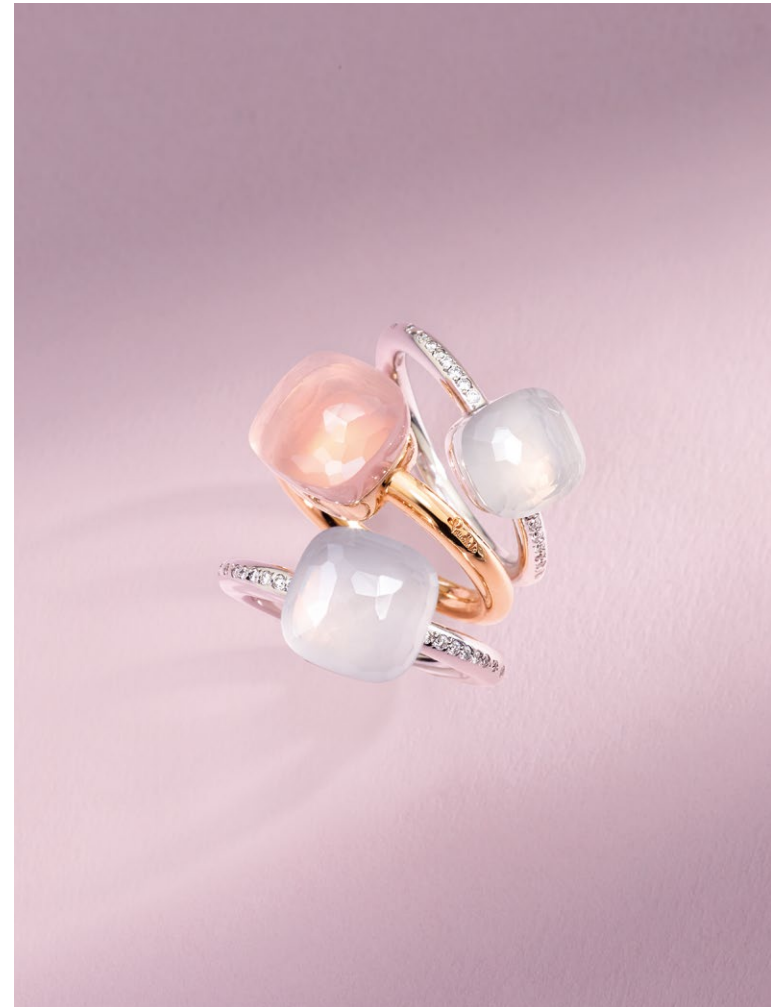

Let the multifaceted magnificence of gemstones steal the spotlight with Nudo Rivière.

A glamorous masterpiece with seven gemstones nestled between diamonds to glow at every angle.

Three striking gemstones float on sinuous gold with diamonds for a divine décolleté. Yours from beach cocktails to decadent palazzo parties and beyond.

With the glowing lustre of a summer full moon, the new Milky Nudo is crafted from translucent white quartz that catches the sunlight by day, stuns by night.

Iconica

Milanese design meets goldsmithing mastery in Iconica's sculptural forms for a look that is at once empowering and utterly refined.

Go for gold with Iconica's magnificent earrings and rings made for stacking high or sparkling solo under the sun.

Traditional with an indulgent twist, rose gold links become entirely eye-catching with precious diamond pavé. Bold as a chain, brilliant as a sautoir.

Bracelets become bolder with exquisitely placed diamond pavé. Add a twist to your everyday stack with a dazzling flash or layer up in gold to take party nights to shining new levels.

For indulgent summer evenings, more than 600 brilliant diamonds are meticulously placed inside and out Iconica's sublime hoops.

Pomellato's legendary goldsmiths subvert the everyday chain with beautifully irregular solid rose gold links that effortlessly transform from sleek chain to statement sautoir.

One band for you, one band for them. The Iconica ring celebrates the unity of two in gold and joyous ribbons of precious gemstones, from pink rubies to sea blue sapphires.

A glamorous ear stack in one effortless earring, the Iconica hugs the lobes with a flash of tropical stones to turn the heat up on everyday jewels.

Catene

A daily essential with a Milanese sense of glamour, the Catene choker acts as the perfect statement piece: dreams are made of gold.

Summer days to remember call for statement jewels. Catene's iconic chain motif is as confident as it is chic, crafted in rose or white gold and strewn with glimmering diamonds.

With perfectly formed links that move as you do,
count on tactile rose gold chains for unparalleled edge allure.

Fantina

As sophisticated as she is striking,
the fierce Fantina woman finds her match
in magnificently minimalist design.

Daytime is better with diamonds. Fantina's smooth gold
twists are nestled with more than 40 brilliant diamonds to
catch the light, day in, day out.

With earrings to match, Fantina's necklace effortlessly transforms from lariat to chain to bring everyday chic in sensual white gold.

Brera

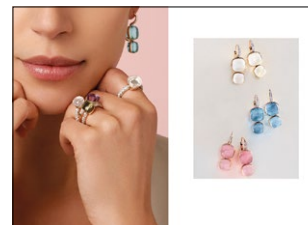

Artistic with fashionista flair like its Milanese namesake, the bellissima Brera bursts with youthful creativity.

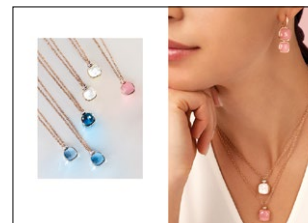

Brown and white diamonds dance between hoops of gold that playfully embrace on fingers like a joyful holiday romance.
